

2020

IMB Seminar

Institute of Molecular Biology

Postdoctoral Seminar

Wednesday, January 8, 2019

11:00 AM

IMB 1F Auditorium

分子生物研究所 1F 演講廳

Targeting the ubiquitin-proteasome system:
Perspectives from viral hijacking of human
Ubiquitin E3 ligases and pharmacological
Inhibition of USP7

Dr. Si-Han Chen

Postdoctoral Research Fellow

Departments of Discovery Oncology and

Early Discovery Biochemistry

Genentech Inc.

South San Francisco, CA, USA

Host: Dr. Jen-Hsuan Wei
