★ Keynote Speakers

Prof. Peter Ng Date: 5/27 (Mon) 09:30 am-10:10 am

Department of Biological Sciences, Faculty of Science, National University of Singapore

A tale of 2 oceans: crabs in the Indian and Pacific Oceans – connections and vicariance

Prof. Jens Hoeg Date: 5/27 (Mon) 13:30-14:10 pm

Department of Biology, Copenhagen University, Denmark

Barnacles as models in the evolution of reproductive systems

Prof. KH Chu Date: 5/28 (Tue) 09:30 am-10:10 am

School of Life Sciences, The Chinese University of Hong Kong

What have we learned from 15 years of research in decapod crustacean phylogeny?

Prof. Shane Ahyong Date: 5/28 (Tue) 13:30-14:10 pm

Australian Museum Research Institute & University of New South Wales, Australia

The global inventory of decapod crustaceans

Dr. Hiromi Kayama WATANABE (Online) Date: 5/29 (Wed) 09:30-10:10 am

SUGAR program, X-star, Japan Agency for Marine-Earth Science and Technology (JAMSTEC), Japan

Larval dispersal and connectivity of deep-sea hydrothermal vent crustaceans

Prof. TY Chan Date: 5/30 (Thu) 09:30-10:10 am

Institute of Marine Biology, National Taiwan Ocean University

Discoveries of shrimps and lobster diversity in Taiwan

Symposiums

- ▲ Ecology and Biodiversity of Coral Reef Associated Crustaceans
- ▲ Frontiers in Crustacean Biology: Asian Perspectives: Part IV
- ▲ Shrimp Diseases
- ▲ Ecology
- ▲ Crustacean Genomics
- ▲ Sexual Biology
- ▲ Larval Biology
- ▲ Copepod Biology and Ecology
- ▲ Parasitic Crustaceans
- ▲ Freshwater Crabs
- ▲ Crustacean Endocrino-Physiology
- ▲ Population Genetics and Connectivity
- ▲ Feeding Ecology
- ▲ Biodiversity

Registration Fees: Faculty based in Taiwan: 5,000NTD ; Student based in Taiwan: 2,500NTD
