

# 2025<sup>RM</sup> Research Metrics Workshop

09:00-09:05	Opening Ceremony	
09:05-10:25	Interdisciplinary Research	Chair: Keisuke Honda
[09:05]	SESSION 01	<b>Ying Chen</b> 40 years of interdisciplinary research: Phases, origins, and key turning points (1981–2020)
[09:45]		<b>Beate Rusch</b> "A map is not the territory"
10:20-10:40	☕ Tea time	
10:40-12:00	Patent Data Analysis	Chair: Ying Chen
[10:40]	SESSION 02	<b>Wen Han Gao</b> Innovation value discrepancy and its role in shaping firms' short-term gains and sustainable growth
[11:20]		<b>Yuichiro Yasui</b> Analyzing local and global characterizations in patent citations using a stochastic model
12:00-13:00	🍱 Lunch	
13:00-15:00	Citation Data Analysis	Chair: Frederick Kin Hing Phoa
[13:00]	SESSION 03	<b>Thorsten Koch</b> Experiments with large-scale citation networks
[13:40]		<b>Hohyun Jung</b> Social Reach: Adjusted latent space network model for preferential attachment
[14:20]		<b>Muh-Chyun Tang</b> Knowledge combinations and research impact: Theoretical and method- ological considerations
15:00-15:15	☕ Tea time	
15:15-17:15	Analysis of Scientific Database	Chair: Thorsten Koch
[15:15]	SESSION 04	<b>Yuji Mizukami</b> Changes in the characteristics of scientists in the field of AI in multiple countries from the mid-2010s to the early 2020s: Analysis based on the authors of scientific papers using non-negative matrix factorization
[15:55]		<b>Hiroka Hamada</b> PLAYER: Evaluate research activities beyond papers
[16:35]		<b>Frederick Kin Hing Phoa</b> Analysis of word co-occurrence networks from paper abstracts in Seman- tic Scholar database
17:15-17:20	Closing Ceremony	
18:00-21:00	Banquet (Invitation Only)
